

MANY MEMBERS ADDED TO GOOD ROADS ASSOCIATION

As a result of the efforts of president C. O. Wolfson, Horace Gooch, acting as voluntary soliciting committee, the membership total of the Potter County Good Roads Association was increased yesterday to fifty. It is believed that with two more active days this number may be doubled.

This association was formed two weeks ago, as an auxiliary of the Colorado-to-the-Gulf Highway Association, Panhandle Division, for the immediate purpose of putting the roads of the country in fast and dependable condition, and with the larger purpose of making certain the Colorado-to-the-Gulf auto highway through Amarillo.

On Wednesday morning president C. O. Wolfson, of the Colorado-to-the-Gulf Association, and Engineer Leonard of the Interstate Highway Association, will start south from Dalhart over the proposed route, making a log as they progress. These gentlemen will be accompanied by W. D. Wagner and other Dalhart highway enthusiasts to Amarillo. The visitors will be met at the Potter county line some time Thursday afternoon, according to present calculation, and will be escorted to the metropolis, where a reception of informal nature will be tendered them.

From this point the party will go south to Armstrong, thence through all the counties traversed by the Denver road to Fortstock. The visit of these pilots, for such they may be termed, has aroused additional enthusiasm, and the country road association work will take on new importance.

Amusements

Danah Theatre

Manager Anding is giving the people an unusually fine show this week.

Fern and West, black and tan comedians appear in most grotesque, mirth provoking makeups and their voice darnings and negroes are furnishing abundant amusement.

The Herndon sisters give a most original act in song, and musical and musical.

The puny playing by one of the sisters is really remarkable and invariably calls forth repeated applause from the delighted audience.

Besides these splendid features the pictures shown are well worth the price of admission.

WHIRLWIND CAMPAIGN ON RAILROAD BONUS BEGUN

With approximately \$40,000 already subscribed on the \$50,000 bonus necessary to secure construction of the T. & O. Railroad from Amarillo north to Texhoma, the bonus committee, which for the past few weeks have been working quietly, but actively, will conduct a whirlwind campaign to raise the balance of the required sum.

At a meeting of the committee yesterday morning plans for this campaign were perfected and four sub-committees were lined out, with the following as chairmen: J. A. Smith, Tom Currie, A. Eberstadt, Frank A. White. These chairmen will name their assistants and the roundup work, already under way yesterday, will be pushed rapidly.

These committees will work on a competitive basis. Each will be expected to raise \$2,500. As soon as the four have finished their work, four other committees will be named, to raise \$1,000 each. When these have succeeded, it is believed that the bonus will be complete.

The first four committees were busy yesterday, and reported a little success, with promise of early completion of the work assigned them.

According to Frank A. White, chairman of the general bonus committee, outlook is most promising for early consummation of the railroad project, which is fraught with so much of vital worth to Amarillo and the fertile country north of her. Her belief is expressed by those in close touch with the campaign that the project in so far as Amarillo's part of it is concerned, is practically assured. When Amarillo's work is completed it is practically certain that the track north will fall readily in line on the project.

HOWARD RECOVERING FROM EFFECTS OF OPERATION

Marion Howard, who was operated on at St. Anthony's Sanitarium for appendicitis Thursday afternoon, is recovering slowly from effects of the operation. Relief is expressed that Mr. Howard will soon regain his normal strength.

A meeting of the Agricultural Committee of the Chamber of Commerce will be held Wednesday afternoon at 2 o'clock in response to call issued yesterday by Secretary C. A. Hazard. A full attendance is urged, as matters of genuine importance will receive consideration. The committee will take steps to assure a running attendance at the meeting of the Potter County Farmers Institute next Saturday afternoon, at which delegates to the State Institute at College Station, which opens July 21, will be chosen.

RESIDENCE ON LINCOLN DESTROYED BY FIRE

A one-story frame residence at 501 Lincoln street, occupied by J. B. Dickerson, a Santa Fe engineer, was destroyed by fire at an early hour Monday morning. Origin of the blaze is unknown. The residence, which was owned by Mrs. Tucker, was valued at approximately \$1,750. Loss on contents is estimated at \$400. The adjoining residence, occupied by John Koller, was damaged by flames to a considerable extent.
